Ignite: Bring Your Passion into Form

Our life is the result of our thoughts, beliefs, choices and actions, either consciously or subconsciously. When those are in harmony and aligned with each other, synchronicity and synergy appear and we start experiencing our life as a clear expression of our desires and vision.

By starting with a vision board, this class invites you to step into a journey of deeper awareness and transformation of your life. You will work with energy to bring, your thoughts, beliefs and choices in alignment with your desires, projects or career plans.
